

COUNTY OF LOS ANGELES

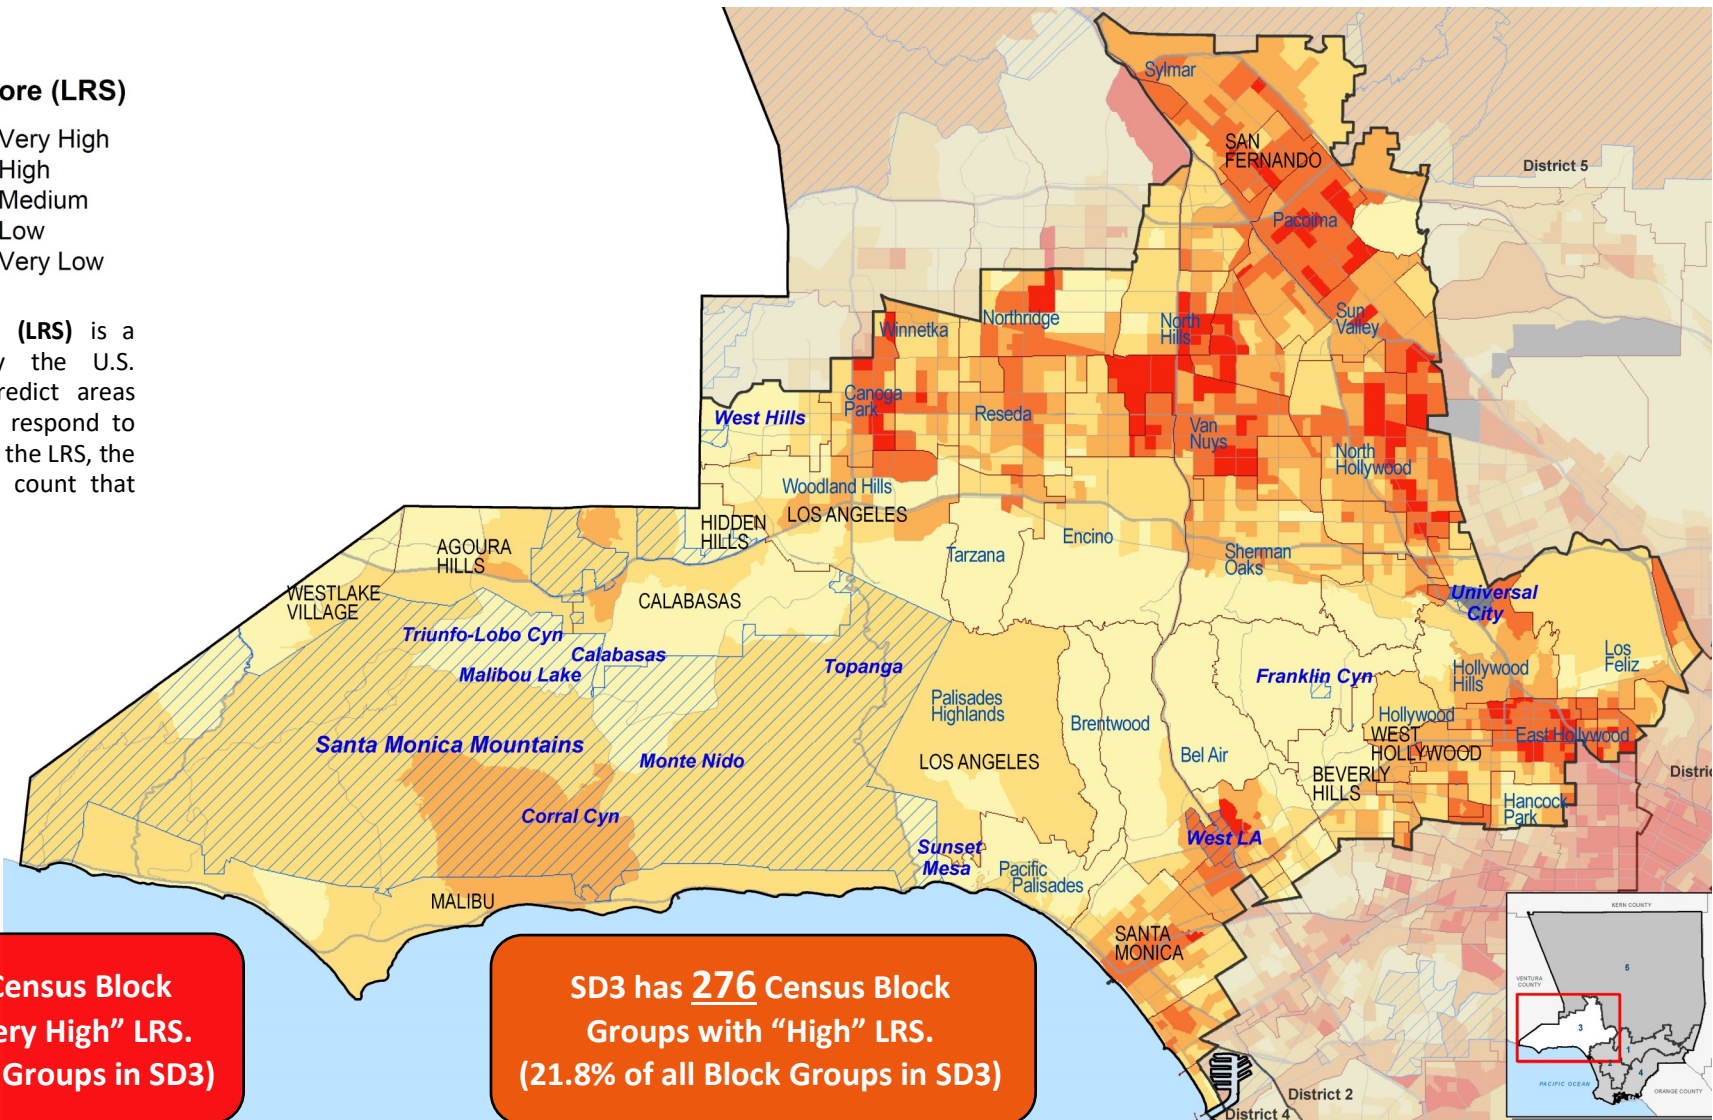

# 2020 CENSUS

## Third Supervisorial District

### Low Response Score (LRS)

|               |           |
|---------------|-----------|
| 32.05 - 44.18 | Very High |
| 27.09 - 32.04 | High      |
| 22.26 - 27.08 | Medium    |
| 16.89 - 22.25 | Low       |
| 0.00 - 16.88  | Very Low  |

**Low Response Score (LRS)** is a measure created by the U.S. Census Bureau to predict areas that are less likely to respond to the Census. The higher the LRS, the more difficult it is to count that Block Group.

SD3 has **111** Census Block Groups with “Very High” LRS.  
(8.8% of all Block Groups in SD3)

SD3 has **276** Census Block Groups with “High” LRS.  
(21.8% of all Block Groups in SD3)

# 2020 CENSUS

## Demographic Profile: Third District

### SD3 Quick Facts

- In SD3, approximately **230,934** people live in “Very High” LRS Block Groups and **501,707** live in “High” LRS Block Groups, for a total of **732,641** people (**36.7%**) living in Hard-to-Survey Block Groups.
- SD3 has **0** “Very High” and **1** “High” LRS Block Group in unincorporated areas (Unincorporated West Los Angeles).
- The SD3 cities and unincorporated communities with Hard-to-Survey Census Block Groups (“Very High” or “High” LRS) are: Los Angeles (**364**), San Fernando (**13**), Santa Monica (**10**), and Unincorporated West Los Angeles (**1**).
- In SD3 Block Groups with “Very High” LRS, the average percentage of Renters was **87.6%** (vs. 52.9% Districtwide), Below Poverty Level was **34.2%** (vs. 15.4% Districtwide), Ages 18-24 was **17.3%** (vs. 9.4% Districtwide), and Hispanic Population was **70.5%** (vs. 34.9% Districtwide), and the Median Household Income was **\$34,876** (vs. \$74,360 Districtwide).
- Compared to the other Supervisorial Districts, SD3 has the highest average percentage of Multi-Unit (10+) Housing; White Population; Limited English (Indo-European Languages); Population that Moved From Another Residence Within the Last Year; Population Living Alone/Non-Related Households; and Vacant Housing Units.

The U.S. Census Bureau provides Block Group data on selected variables to provide socioeconomic and demographic characteristic profiles of areas. The following figures are averages of the Census Block Groups in the Third District:

|                                                |          |                                                              |       |
|------------------------------------------------|----------|--------------------------------------------------------------|-------|
| Median Household Income                        | \$74,360 | Not High School Graduate                                     | 17.0% |
| Asian                                          | 9.9%     | Renter Occupied Housing Units                                | 52.9% |
| Hispanic                                       | 34.9%    | Vacant Housing Units                                         | 6.7%  |
| White (Non-Hispanic)                           | 48.5%    | Limited English Ages 14+                                     | 12.3% |
| Black (Non-Hispanic)                           | 3.5%     | Population Ages 18-24                                        | 9.4%  |
| Native Hawaiian or Other Pacific Islander      | 0.13%    | Population Ages 65+                                          | 13.0% |
| American Indian or Alaska Native               | 0.17%    | Family Occupied Housing Units with Related Child Under Age 6 | 21.9% |
| Below Poverty Level                            | 15.4%    | Multi-Unit (10+) Housing                                     | 31.9% |
| Living Alone or Non-Related Household          | 39.7%    | Moved From Another Residence Within the Last Year            | 15.1% |
| Limited English (Other Indo-European Language) | 3.2%     | Population with No Health Insurance                          | 17.9% |

### Cities and Unincorporated Communities in SD3 with Census Block Groups that have “Very High” LRS:

- Los Angeles
- San Fernando
- Santa Monica

### Additional Cities and Unincorporated Communities in SD3 with Census Block Groups that have “High” LRS:

- Unincorporated West Los Angeles

### Impact of the Census

**MONEY:** California receives billions of dollars annually from Federal programs that use Census-derived data to determine funding allocations for health and human services, housing, nutrition, workforce development, transportation, and other services.

**REPRESENTATION:** After the 2010 Census, California failed to gain a Congressional seat for the first time since obtaining statehood in 1850.
